

- Things to take along:**
- your ticket! put in your wallet or some other safe location inside your bag or pocket; some suggest putting them into a ziplock bag.
 - layers of warm clothes binoculars
 - rain gear (in case it drizzles)
 - blanket (especially if you're on the lawn)
 - pen & paper small flashlight
 - water snack
 - poster tube driver's license or other ID
 - credit/debit card; AAA or road service card
 - extra cash (stash \$10 in your glove box)
 - change for phone calls
 - baseball cap (to keep the water out of your eyes if it rains)
 - if you're taping or taking photos, tapes & film (note: there is no tapers section & cameras are not allowed)

surrounded by walkways and open spaces with food vendors places you can just hang out. There are video monitors all over so you can follow what's going on inside while you're grabbing a beer or getting a bite to eat. This is a long show, and as the night goes on, all lines get longer. **Tip:** head for a bathroom further away from the seating area. You'll walk farther but the lines will be shorter. Also, it's generally considered good Bridge manners to get up and leave in between songs and not smack in the middle of them.

Make note of where you park (landmarks, etc.) so you can find your car after the show! Also, pick a meeting spot for after the show. The lower half of the Shoreline pavilion and the stage are covered by a canopy. The upper half of the pavilion plus the lawn are open. The seating area is

Where's that confounded bridge? Mountain View is in the heart of Silicon Valley, CA, between San Jose and San Francisco, Shoreline is right off Highway 101 in Mountain View. There are two exits: Amphitheatre Pkwy (Rengstorff Ave.) is the northernmost, Shoreline Blvd. is the southernmost. Follow the traffic east from either (take a left if you're coming from the south), a right if you're coming from the north, a right if you're coming from exit whichever direction you come from—that is, if you come from the south, drive past Shoreline to Amphitheatre, if you come from the North, drive past Amphitheatre to Shoreline.

Parking:

- At the venue: The new tiered parking system has premium parking for \$20 in A lot; regular parking for \$12 in B,C,D lot; & parking in the dirt E lot for \$8.
- Around the venue: Shoreline is surrounded by office complexes, and you can safely park on any of the surrounding streets (NOT in the office parking lots) and then walk to the venue. It is a long walk there and back, but probably less time than waiting in the traffic jam to get out of the parking lot. Once you make the turnoff from 101 and start heading towards the venue, pick a side street and start looking.

And finally ... at the show:

Get there early!!! Traditionally, Neil opens the show by welcoming the crowd and playing a song. That means you will probably want to be in your seats by the time marked on the ticket.

If you have to pick up tickets at the box office day of show, REALLY get there early. The lines are always horrendous.

In the past, tickets have been released the day of the show. However, there will be stiff competition for them. Good luck.

Saturday, Oct. 30:

gates open 3pm; show 5pm-midnight

Sunday, Oct. 31:

gates open 1pm; show 3pm-10:30pm
(times subject to change)
