Follow the traffic E from either (take a left if you're coming from the north, a right if you're coming from the S). Take the 2nd exit whichever direction you come from. For parking, you can go to the venue lots (\$8-20) or park on the streets by the office complexes on the surrounding streets near the venue. It's a long walk there and back but may be less time than waiting in the traffic to get out of the lots. Once you exit get off 101 and start heading towards the venue, pick a side street and just start looking. Go early as these get parked up fast!
